## **LIST OF FIGURES**

### **Figure No.**

- 1 Study Area Location Map
- 2 2000 Existing Morning Peak Hour Volumes
- 3 2000 Existing Midday Peak Hour Volumes
- 4 2000 Existing Evening Peak Hour Volumes
- 5 2000 Existing Morning Levels of Service
- 6 2000 Existing Midday Levels of Service
- 7 2000 Existing Evening Levels of Service
- 8 2010 Future Morning Peak Hour Volumes
- 9 2010 Future Midday Peak Hour Volumes
- 10 2010 Future Evening Peak Hour Volumes
- 11 2010 Future Morning Levels of Service – No Improvements
- 12 2010 Future Midday Levels of Service –No Improvements
- 13 2010 Future Evening Levels of Service –No Improvements
- 14 2010 Future Morning Levels of Service – With Improvements
- 15 2010 Future Midday Levels of Service – With Improvements
- 16 2010 Future Evening Levels of Service – With Improvements

## LIST OF TABLES

Table No.

I	Total Intersection Peak Hour Traffic Volumes (2000)
II	Level of Service and Expected Delay for Unsignalized Intersections
III	Level of Service and Expected Delay for Signalized Intersections
IV	Overall Intersection Existing Levels of Service (2000)
V	Crashes By Month
VI	Crashes Per Day of the Week
VII	Crashes Per Hour of the Day
VIII	Crashes Per Surface Condition
IX	Crashes By Type
X	Rear-End Crashes Per Hour of the Day
XI	Crashes By Intersection
XII	Crashes By Mid-block
XIII	Specific Crash Patterns
XIV	Overall Intersection Levels of Service (2010)
