Crosswalk & Island Petition

We the undersigned want Monmouth County to construct a small, landscaped island in the center lane opposite the Dunkin Donuts on Newman Springs Road (CR520). We also want a crosswalk at that location so that pedestrians crossing CR520 mid-block can use the island as refuge when crossing the street. We recognize that a substantial number of pedestrians currently cross at that mid-block location and a crosswalk and island will improve the safety of the area. It is not practical to expect pedestrians to walk the long distance to cross at the lights at either Hurleys Lane or Middletown-Lincroft Road.
